Introduction

Provide a good overview and anything else you may think is needed in this area. Looking at other HOWTOs may assist in providing ideas.

Copyright and License

This document, *Sample XML HOWTO*, is copyrighted (c) 2002 by *author_name*. Permission is granted to copy, distribute and/or modify this document under the terms of the GNU Free Documentation License, Version 1.1 or any later version published by the Free Software Foundation; with no Invariant Sections, with no Front-Cover Texts, and with no Back-Cover Texts. A copy of the license is available at <http://www.gnu.org/copyleft/fdl.html> [<http://www.gnu.org/copyleft/fdl.html>].

Linux is a registered trademark of Linus Torvalds.

Disclaimer

No liability for the contents of this document can be accepted. Use the concepts, examples and information at your own risk. There may be errors and inaccuracies, that could be damaging to your system. Proceed with caution, and although this is highly unlikely, the author(s) do not take any responsibility.

All copyrights are held by their by their respective owners, unless specifically noted otherwise. Use of a term in this document should not be regarded as affecting the validity of any trademark or service mark. Naming of particular products or brands should not be seen as endorsements.

Credits / Contributors

In this document, I have the pleasure of acknowledging:

- Individual 1 <someone1 (at) somewhere.org>
- Individual 2 <someone2 (at) somewhere.org>

Feedback

Feedback is most certainly welcome for this document. Send your additions, comments and criticisms to the following email address : <xxx@xxx.xxx>.

Translations

Pointers to available translations are nice. Also your translators tend to give very important inputs.

- French Translation [http://some_site.org/] provided by Individual <someone (at) somewhere.fr>
- German Translation [http://some_site.org/] provided by Individual <someone (at) somewhere.de>

Troubleshooting

This area contains general troubleshooting information, if applicable. The question/answer format works best (like a FAQ).

1. Question One

Answer One

Further Information

This area lists other resources, which would include books, web sites, newsgroups, mailing lists, etc.
